

## SOCIAL EVENTS

### TO HEAD DEPARTMENT.

Miss Bessie McClenahan, the social welfare worker of the extension department of Iowa university, has accepted the invitation of the civic department of the Davenport Woman's club as the director of its work and leader of programs for the coming year. Miss McClenahan is expected in the tri-cities Thursday to meet with the executives of the department to appoint committees and outline the programs for the monthly meetings. The department under Miss McClenahan hopes to bring speakers of note for evening meetings which will be held at the Davenport library during the fall and early winter. Tri-city people who are interested in welfare work are invited to attend the meetings. The speakers and the dates of the sessions will be announced later. Miss McClenahan spoke both in Rock Island and Davenport last year, giving an address on "Modern Charity" which was greatly enjoyed by her audience here.

### CONCORDIA SOCIETIES MEET.

A combined meeting of the Concordia societies of Rock Island and Davenport will be held Wednesday evening at 8 o'clock in the basement of the Immanuel Lutheran church in Rock Island. P. T. Buszin, one of the leading teachers of Chicago, will attend the meeting and assist on the program arranged for the gathering. Friends of the society are invited and a large attendance will no doubt enjoy the program to be given as follows:

Valse in E (Moritz Moszkowski) — W. Kraft.

Talk on ancient Egypt—W. C. Hoeftle.

Music—Concordia Glee club.

Debate (selected)—Rev. Mayer of Sherrard and Rev. Schmack of Hampton.

The Brigand—William R. Spence.

Vocal solo—Fred Harms.

Sociality—P. T. Buszin.

Music—Concordia Glee club.

### SOCIAL ANNOUNCEMENTS.

Members of the Highland Health club hold their July meeting Wednesday afternoon with Mrs. Alex Fraser, 947 Twenty-fifth street.

An executive meeting of the district association of graduate nurses will be held this evening at the rest rooms, Fifteenth street, Moline. All members are requested to attend and discuss matters of interest to the society.

The annual outing enjoyed by Oak Grove church will be held tomorrow at Long View park. The guests will leave the church at 2:30 and supper will be served at 5 o'clock. There will be merry games and contests during the afternoon and the picnic will no doubt be an enjoyable event of the church.

### Removing Belgian Competition.

The Hague, Netherlands.—Notwithstanding that she was already largely monopolizing the export of Holland's surplus agricultural and other food

**"The Man Who Keeps Cool"** may not be a good politician, but he has soothed the problem of comfort and contentment. He starts the day right by eating **Shredded Wheat Biscuit** with milk or cream. He eats it for luncheon with berries, sliced bananas or other fruits. He makes **Shredded Wheat** his meat in the hot days. It is ready-cooked, ready-to-eat.

Made at Niagara Falls, N. Y.

**ECONOMY** is taught by experience. Once you try Ivory Soap for the bath and toilet, you will use nothing else. Thus Ivory Soap will save you money because you doubtless are paying more than 5 cents for the soap you now use.

**IVORY SOAP** **99<sup>14</sup>% PURE**

## FEEL SURE THERE WILL BE ANOTHER

Members of Rock Island Chautauqu Association Soon to Take Up Can-vass for Next Year.

### PATRONAGE MOST ENCOURAGING

Sale in Advance of 1,000 Tickets Will Assure Best Attractions Obtainable at Any Price.

It is considered practically certain that Rock Island will have a chautauqua again next year. An active can-vass for the pledging of tickets will be taken up shortly by the present organization. A thousand has been set as the minimum to be sold. If this mark is attained it will be possible to put on the best available talent and at the same prices which prevailed this season. From the manner in which last week's program was received it is regarded as unlikely that the people will fail of support for 1917.

Another year, if a chautauqua is held at the Watch Tower there will be city water on the grounds. Lack of water was a serious handicap this year. Twelfth street will be paved, making the grounds easy of access from the city by auto. It is unlikely that there will again be the fierce heat of last week to contend with.

While there has been little or no criticism of last week's program the officers of the association feel that the experience they have gained will enable them to make certain improvements which will still further popularize the next assembly.

### Mallory Players Please.

Two meritorious entertainments were given Saturday by the Mallory players, the attendance, despite the fact that it was the hottest day of the hottest period, but one ever experienced here, was fully up to the standard of the week.

### ROCK ISLANDERS ON PACIFIC COAST

Coronado Beach, Cal., July 25.—Editor, The Argus: I am writing in full view of Point Loma at which base a government lighthouse nightly flashes its signal of danger to the passing steamer. Formerly the light was on the cliff but that was found to be in the fog zone.

We have climbed to the top of the new lighthouse in a former visit and viewed with wonder the reflection of objects in its glass nine miles away. But now the general public must be content with the Theosophical buildings, some distance inland on the Point, and the places of interest on the way to and from those buildings as the government is at work further out and excludes visitors. All very interesting, did we not compare the two and a half hours' trip taken last week by auto with the former all-day horse-drawn hansom carriage where we wandered about the Theosophical grounds at leisure, lunching at noon on the rocks below the Point on delicious blackberries and ham sandwiches, stayed long enough at "Ramona's" marriage place to let our imaginations work, stopped at little chapel where an old man, "here before the trees," he said, came down at the ringing of a bell and posed for my pictures, apparently as much for the joy of it as for the money. Then we had time for the charms of the old California to take hold of us.

Horrors, inspired by battle scenes, sometimes works directly on the nervous system, developing symptoms such as hysteria, speechlessness, deafness, loss of the sense of feeling. Bits of mental confusion or paralysis, not always accompanied by hallucinations or delirium.

In one case a Lieutenant who declared to the doctor that he had "cleaned out a German trench with two machine guns that he had carried on his back from a point several miles in the rear" had remained in command of his section until 48 hours before he was examined. A few days later a captain was brought to Dr. Dumas from the command of his company, suffering from an equally radical but that was found to be in the fog zone.

## HEART and HOME PROBLEMS

MRS ELIZABETH THOMPSON

Dear Mrs. Thompson: I am a young girl who is anxious to begin to earn her own living. As I do not excel in any particular thing I have decided to try the stage, since I love to act.

(1) Where must I apply?

(2) What would be the proper thing to say?

(3) Is an introduction to some manager necessary in order to get a start? THANK YOU.

(1) Go to the box office at a theatre.

(2) Tell the man in the box that Miss Brown (or whatever your name is) would like to see the manager of the company playing there. Be just as composed as you possibly can and don't appear to be wanting a job. After you get an interview you will have to prove by a bit of acting that you are worth hiring.

(3) An introduction is not necessary.

If you want to earn your living, we are not good in any particular thing I would advise you to attend a business school and prepare yourself for something. Most people who try stage work do not succeed and they and the life

is extremely hard.

Dear Mrs. Thompson: Although my complexion is naturally good, my nose shines terribly. Please give a remedy.

RED NOSE.

Perhaps the best local treatment for a shiny nose would be sponge it with lemon juice, slightly diluted and crooked off with cold water. Frequent washing is naturally desirable, but it is best to avoid very hot water, since it is inclined to stimulate the sebaceous glands and increase the secretion of oil.

Rice powder ought to be good. I think you would find a small box of powder which comes in cake form very satisfactory. It can easily be carried in a pocket or the palm of the hand without being noticeable. If you apply the powder whenever you feel it is necessary your nose will look as good as anyone else's. Don't be sensitive about it. You are one of many who are troubled that way.

Is apt to ruin the texture and color of the skin.

Lemon juice is about the safest way to remove tan. Rub slices of lemon over the tanned skin and let the lemon juice stay for two or three hours or possibly all night. Then wash it off with warm water and a mild soap (pure castile soap is very good). After washing the skin, massage with any soothing skin lotion, or ordinary cold cream, and wipe it off with a soft, clean cloth after the massage.

This lemon treatment must be continued every day until the dark skin peels off. If it proves painful, stop for a day or two and use the cold cream.

Meantime be careful not to expose the skin to the sun or to hot, dry winds. Wear a wide-brimmed hat and carry a sunshade. Wear long sleeves or long gloves when going out into the sun, as painted arms are no prettier than a tanned arm.

A second coat of tan, after getting rid of the dark coat, will be more difficult to get rid of, so don't get it.

CHILI SAUCE.

This delicious chili sauce is excellent served with cold meats, stews and also for oyster cocktails.

The ingredients are as follows:

Twelve good firm, not too ripe tomatoes, four cups vinegar, two teaspoons of ground cloves, two teaspoons of ground cinnamon, one-half teaspoon of ground ginger, one tablespoon of mustard, one red pepper, four large onions, two tablespoons of oil.

Wash the onions and the tomatoes in warm water. The outer skin of the onions should be removed, and then chop the onions. Sauté onions in oil, stirring the tomatoes in boiling water to remove the skin. Remove from heat and cool.

Put the onions in a casserole dish, add seven-eighths cup of milk. Fill buttered gem pans two-thirds full of mixture and bake in hot oven 15 minutes; remove from oven and scoop out center, leaving cases; fill with butter, oil with crushed fruit, garnish with sweetened whipped cream.

MINT COCKTAIL—This makes a very refreshing first course for dinner. Cut one ear of pineapple into small cubes. Remove the pulp from three oranges and cut into small pieces. Break one-quarter pound after-dinner mints into tiny pieces and mix with the fruit an hour before serving and set on ice. Serve in sherbet glasses covered with powdered whipped cream.

COUNTRY CLUB CHICKEN—Wash two broilers or quite young chickens and cut them in halves or quarters. If they are large enough, Wipe them and dip each piece in beaten egg, well seasoned with salt and pepper and mixed with a little cream. Roll pieces in bread crumbs and place them in greased pan; dot generously with butter and place in hot oven for 15 minutes. Put chicken in hot kettle, cover and let simmer and steam for 30 minutes, or until tender, on a slow fire. Place chicken on a hot platter, add one-half cup hot cream to gravy in kettle and strain it over chicken.

GOOSEBERRY RELISH.

Five cups of gooseberries, one and one-fourth cup raisins, one onion, one cup of brown sugar, three tablespoons mustard, three tablespoons vinegar, one-half teaspoon cayenne, one quart vinegar.

Wash and drain berries, add seedless raisins and onions peeled and sliced. Chop or force through a meat chopper, put into the preserving jar, add the sugar, mustard, vinegar and cayenne. Pour over vinegar and bring to a boil, strain through a coarse sieve. Bottle and seal.

MIXED PRESERVES.
